

About Us

Established in 1951, Ador (formerly, Advani-Oerlikon) is one of the leading welding companies in India, manufacturing high-quality welding equipment, consumables, and welding automation solutions. Additionally, Ador has been in the Flares & Process Equipment Division for more than 30+ years.

Ador has played a significant role during the post-independence industrialization in India and takes immense pride in its heritage.

With a presence across 40+ countries in the Middle East, Africa, and Southeast Asia, Ador maintains a robust sales and distribution network across the globe and provides solutions to a wide spectrum of industries including defense, shipbuilding, oil and gas, railways, infrastructure, nuclear energy, power and automotive sectors.

Our Vision

Ador is on a journey to become the most customer-focused organization and is committed to its vision of 'creating the best welding experience' for its customers and partners.

Core Values

I take pride in our products & services, ensuring they relentlessly deliver Performance.

I build Trust by being consistent in the delivery of our promises to our customers (and our teams).

I work to deliver the best Customer Experience on each occasion that our customers choose ADOR and at every touch point with ADOR.

Our International Presence

Ador provides a trusted partnership to a vast global clientele with consultative sales and services. They receive assured, dependable support from our extensive, customer-focused network of marketing and servicing teams.
