

CORPORATE CULTURE

About Us // INTRODUCTION TO CHINA

ChiNa Welding Equipment Company: A Reliable Provider of Quality Welding Solutions for 20 Years

One of the key factors that sets ChiNa apart from other welding equipment providers is its partnerships with leading brands in the industry. ChiNa has formed strategic partnerships with companies such as ESAB, Trafimet, Kemppi, TBi, and more, to ensure that its customers have access to the best equipment and technology available. These partnerships allow ChiNa to offer a wide range of products that are of the highest quality, so customers can find the perfect solution for their welding need

ChiNa's commitment to quality extends beyond just its products. The company is also dedicated to reducing its impact on the environment and promoting sustainability. To this end, it has implemented a number of environmentally friendly practices, such as using energy-efficient equipment and reducing waste.
