

 **G.B.C. Industrial Tools s.p.A.**

G.B.C. Industrial Tools was founded in Italy in 1981 and is now based in Cazzago San Martino (BS), Italy.

Experience, know-how, technical researches and investments on equipment and infrastructures have allowed us to establish ourselves as leaders in manufacturing of:

Portable pipe cold cutting & bevelling machines;
Pipe beveling machines;
Plate beveling machines;
Grinding machines;
Stationary machines for pipe beveling;
Tailor made machines, devices and tools.

Each part is manufactured inter-corporate, minimizing outsourcing, adding flexibility to our production system, helping customers handling critical manufacturing processes.
We keep enhancing our reliability with continuous improvements, refining our products and services for the complete customer satisfaction.
Our performance capability, certified UNI EN ISO 9001:2015, provides complete assistance in:

Equipment selection
Sales
Training
After-sale and rental services

Our products and services, sold all over the world through a network of Exclusive Partners or directly to end users, assist customers in every working step, obtaining extraordinary results carrying out important projects and find application in:

Energy plants
Refineries
Prefabrication plants
Offshore/Onshore facilities
Shipbuilding
Heavy industries

Our aim is strengthening our presence in the Oil & Gas field as key partner for cold cutting and beveling operations.
