LE LORRAIN

WELDING • CUTTING • EXPANSION

For who ?

Hampiaux uses his technical and technological know-how to serve the **steel** and **metallurgical industries**, **boilermakers**, **refrigeration specialists**, **craftsmen**.

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

Welding expert

French manufacturer

- ✓ Machining of spare parts
- ✓ Assembly
- ✓ Quality controls

Since 1946

- ✓ + 75 years of know-how
- ✓ Market knowledge
- ✓ Market expertise
- ✓ Patented products

ISO 9001

- ✓ ISO 9001 Certification since 2008

Turnover 10M€

- ✓ 35% market share in the world

Export 35%

- ✓ 60 countries on 5 continents

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

Our vision

Playing a part in tomorrow's industry

HAMPIAUX SAS is convinced that its future is closely linked to that of its distributor customers and users of LE LORRAIN equipment.

That's why the company does everything it can to understand the challenges faced by distributors and users, so that it can support them and become or remain their preferred partner.

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

International

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

La fabrication et la production

95% of production produced in-house

4 integrated workshops:

- ✓ Machining with 17 turning centres at digital controls
- ✓ Surface treatment
- ✓ Assembly and fitting
- ✓ Warehousing and logistics
- ✓ Rewarded production tool by the label "Productivez! »

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

Our products quality
A permanent challenge

Control of the entire production line and unit testing of all our products enable us to guarantee reliability and consistent quality.

ISO 9001 certified by APAVE

Rigorous and systematic control of each appliance.

Certificates of conformity issued on request.

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

Ecological footprint

We're taking action for the planet

- ✓ 100 tonnes of metal recycled each year
- ✓ Cardboard recycling
- ✓ Shavings sent back to foundries for processing
- ✓ Use of organic detergents
- ✓ We avoid using acids
- ✓ 4.5 tonnes of oil recovered
- ✓ Processed and reused in a closed cycle
- ✓ Staff training in respect for quality and the environment, and pollution prevention.

Nos produits

GAS PRESSURE REGULATORS

OXY- FUEL WELDING, BRAZING AND HEATING EQUIPMENT

DÉTENTE FROID ET CLIMATISATION

CONNEXION/SECURITÉ

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

New product

Regulators with an economizer device allowing for better weld starts and improved gas consumption management.

- **Prevents damage** to the solenoid valves of your welding machine.
- **Prevents "water hammer" effects.**
- **The amount of gas trapped** in the pipes is divided by 4.
- **Optimal gas savings** for spot welding.
- Ideal for working with **suction torches.**

CHECK THE DEI TECHNICAL DATASHEET

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

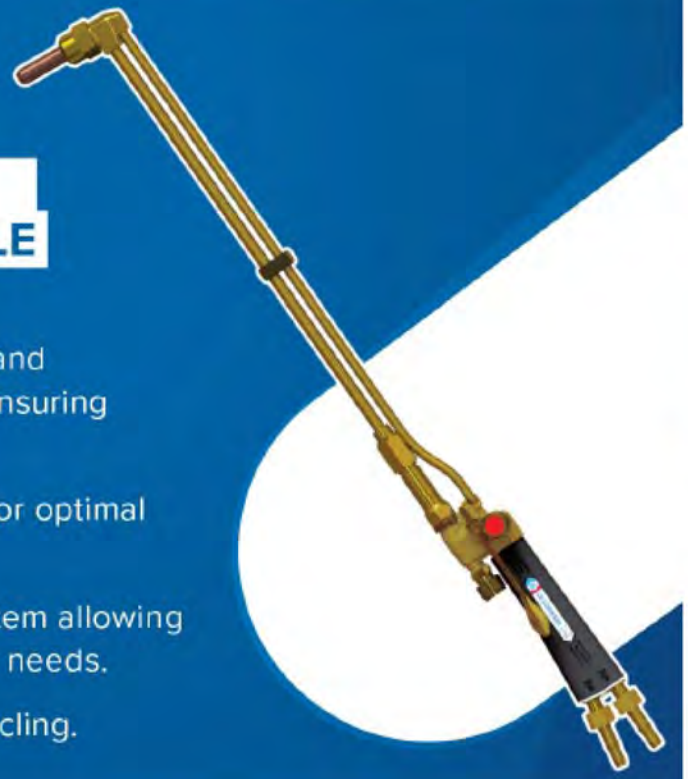
New product

L2C2 THP REGULATOR

- Ideal for purging refrigeration systems and inflating shock absorbers.
- Soft rubber casing for enhanced impact protection.
- Rear connection, designed to minimize impact risks.
- Designed for use with nitrogen up to 160 bar max. output pressure.

DV-MP1 TORCH WITH DETACHABLE MIXER

- Compatible with oxygen and propane or natural gas, ensuring safe use.
- Long-range mixing tube for optimal stability.
- Quick-change nozzle system allowing immediate adaptability to needs.
- Ideal for scrap metal recycling.



DEI CYLINDER REGULATOR WITHOUT COLUMN

- Up to 55% gas savings compared to a standard regulator, particularly for spot welding.
- Reduces "water hammer" effects to protect your equipment.
- Prevents damage to solenoid valves.
- Compact design with a reduced footprint and precise flow adjustment thanks to a pipette.
- Especially designed for working with suction torches.

Une offre de services et des experts dédiés !

- Bureau d'études
- Assistance technique
  dont une dédiée
  aux réseaux gaz
- Des visites préventives
- Académie
- Bancs d'étalonnage
- Service après-vente

Our services

A DESIGN OFFICE: Listen, understand and innovate to respond the specific requirements and needs of customers. The Research & Development department supports customers : from the writing of specifications to the design of a tailor-made product.

TECHNICAL ASSISTANCE: Analyze a specific situation, qualify an installation, advise on the choice or maintenance of equipment by telephone or face-to-face. Need help ? Contact us: contact@lelorrain.fr or + 33 (0)3 83 35 47 98

SPECIFIC TECHNICAL ASSISTANCE FOR GAS NETWORKS: Accompany, advise, guide, correct or write specifications for the construction or maintenance of a gas network.

PREVENTIVE VISIT: Carry out a full diagnosis of the company and be guided in the preventive maintenance of all the installations. The onsite visit is carried out by a LE LORRAIN expert technician, who provides a detailed report practices to be adopted and monitors the transfer of technical skills in the use of the equipment.

CALIBRATION BENCHES: Control the performance and safety of your installations. Fromon-site calibration to laboratory calibration at our factory, we offer calibration services to suit all your needs to ensure your regulators are compliant.

AFTER-SALES SERVICE: Carry out diagnostics, preventive maintenance and/or repair within defined deadlines according to user constraints.

LE LORRAIN ACADEMIE: Transmit, train, support its customers in their development. LE LORRAIN ACADEMIE, a QUALIOPI-certified training organization, undertakes to provide to each learner a training program suited to their development objectives.

Patents filed

Our ability to innovate and create has enabled us to register patents on several products.

SCO, DDI, quick connect...

Unique products, for you.

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

Made to measure

Since 1946 our products have been made in our workshops.

This gives us total control of the production chain and thus a perfect knowledge of our products.

We can thus manufacture material according to the specific demands of our customers..

Nos axes de développement

Digitalisation

- ✓ Optimisation of our "factory 4.0" operational organisation
- ✓ Digital communication

Innovation

- ✓ Optimising the user experience
- ✓ New functionalities
- ✓ New technologies

Diversification

- ✓ New sectors
- ✓ Specific product ranges: water treatment, agricultural, laser cutting...

International development

- ✓ Consolidate our position in Europe
- ✓ Develop our presence in North America

LE LORRAIN - Fabricant français • 1946 • +33(0) 3 83 35 47 98 • contact@lelorrain.fr • www.lelorrain.fr

Shared commitments with our customers

1. Products made in France
2. Un Know-how and expertise et une expertise
3. Reliable and innovative products
4. On-time delivery
5. A package of services

Staff training in respect for quality and the environment, and pollution prevention.
