06

95% of production produced in-house

4 integrated workshops:

Machining with 17 turning centres at digital controls

Surface treatment

Assembly and fitting

Warehousing and logistics

Rewarded production tool by the label "Productivez! »

ENVIRONMENTAL FOOTPRINT

WE ACT FOR THE PLANET

-100 Tonnes of metals are recycled every year

-4, 5 Tonnes of oil recovered, treated and reused

-we recycle cardboard and plastic

Organic detergent, shavings sent back to the foundry for processing, we avoid the use of acids, staff training for the quality environment, pollution prevention.

Since 1946 our products have been made in our workshops.

This gives us total control of the production chain and thus a perfect knowledge of our products.

We can thus manufacture material according to **the specific demands of our customers..**

INTERNATIONAL

60 +
countries

35%
turnover

WHY WILL IT LAST?

4 POINTS...

OUR AMBITIONS, OUR PROJECTS

Digitalisation

Optimisation of our operational organisation, digitised communication, value-added products
