

- CNC plasma cutting machine
- CNC plasma bevel cutting machine
- Machine, Table, Dust Collectors
- ONE-STOP-SHOP

Positioner, Turning rolls, Longitudinal seamer, E.Z.Arc, ServoArc, Column and Boom, HeadStock...
ProArc advanced welding equipment; Quality is in the details.

CNC plate drilling machine / Automatic plate drilling machine

- IPC controller, build-in CAD/CAM system
- Servo spindle and lifter
- Automatic tool length & plate thickness detector
- Quick tool change device
- Teach mold, to define drilling processes on line

- Drilling capacity $\varnothing 6 \sim 80\text{mm}$
- Plate thickness $t6 \sim 100\text{mm}$
- Positioning accuracy $\pm 0.1\text{mm}$
- Drilling, Tapping, function
- Table type and Gantry type
