

HORCONEX

HORTICULTURAL PROJECTS

HORCONEX OFFERS HIGH-QUALITY AND COMPLETE TURNKEY SOLUTIONS FOR SUSTAINABLE CULTIVATION PROCESSES.

HORCONEX operates from Poeldijk, the Netherlands with a team of specialists. These professionals have different expertise and are committed to offering you a total solution for your horticultural projects. HORCONEX relieves you during the life cycle of your greenhouse. With service technicians within an efficient radius of our customers, we are able to respond to any issues that may arise in your business at any time of the day. At HORCONEX we put our customers first.

Thanks to our many years of experience, we can provide a wide range of innovative solutions. We do not have our own production and are therefore not tied to fixed systems. This allows us to always find the best solution for your horticultural project. Due to our independence we can offer a high degree of flexibility. In this way, we have everything under control in our projects, can

react directly and carry out a personal handover in accordance with our high quality requirements.

HORCONEX – your partner for:

- Horticultural Projects
- Climate Solutions
- Screen Systems
- Greenhouses
- Solar Venlo
- Electrical engineering
- Irrigation
