 **SNFOLIA**

The united growers brand for green projects

Since 1982

Synfolia Nurseries is the grouping of five french nurseries, producing the entire range of outdoor plants, for all horticultural and landscape professionals. Synfolia nurseries share common values: the quality of the plants offered, a local service, the promotion of local production and a commitment to sustainable development. Our environmental values, present since the creation of Synfolia, have been concretised by the level 2 Blue Plant certification of all of our nurseries. One of them is already certified level 3 High Environmental Value.
